

EXHIBITOR – BOOTH NUMBER	COMPANY INFORMATION & NEW PRODUCTS/TECHNOLOGIES AT CEDIA EXPO 2003	MEDIA CONTACT
1394 TRADE ASSOCIATION #32	<p>The 1394 Trade Association is a worldwide organization dedicated to the enhancement and proliferation of the 1394 (Firewire) standard.</p> <p>The 1394 Trade Association will feature a home networking demonstration showing video moving from DVD through HDTV into PC, over a total distance of 100 meters.</p>	Dick Davies Ph. (415) 777-4161 Mobile (415) 652-7515 Fax (415) 503-0664 IPRA@mindspring.com
ACCURATE IMAGING TECHNOLOGIES #1632	Accurate Imaging Technologies specializes in the sale and support of high-performance video systems for home theaters. Its products include video projectors, digital video image processors and DVD players.	Stan Pinkwas Ph. (718) 788-7777 Mobile (917) 754-0691 Fax (718) 788-0064 stanp@jstanton.com
ACOUSTICAL SOLUTIONS INC. #1021	<p>Acoustical Solutions offers a complete line of sound control and noise reduction products for use in all type of applications including, home theater, architectural acoustics, houses of worship and residential.</p> <p>Acoustical Solutions will exhibit SoundSuede Fabric Wrapped Wall Panels with strong sound-absorbing performance, durability and elegant appearance.</p>	Don Strahle Ph. (804) 346-8350 Fax (804) 346-8808 ds@acousticalsolutions.com
ACOUSTIC ROOM SYSTEMS #1007	Acoustic Room Systems, the exclusive nationwide distributor of Owens Corning Select Sound acoustic products, offers a tunable full-bandwidth acoustic system for home theater and recording studio environments.	Stan Pinkwas Ph. (718) 788-7777 Mobile (917) 754-0691 Fax (718) 788-0064 stanp@jstanton.com
ADCOM #SR-3	<p>ADCOM specializes in high-performance consumer electronics.</p> <p>ADCOM will showcase a DVD player, multi-channel preamplifiers and power amplifiers.</p>	Matt Lyons Ph. (717) 927-6369 Mobile (717) 817-3896
ANGSTROM LOUDSPEAKERS #77	<p>Angstrom Loudspeakers is one of Canada's leading designers and manufacturers of loudspeakers for both home theater and two channel audio applications.</p> <p>Angstrom Loudspeakers will introduce two new unique speaker lines, including new sequence series on-wall speakers and new architectural series in-wall speakers.</p>	John Craig Ph. (714) 241-9510 x25 Mobile (949) 400-5095 Fax (714) 241-9520 john.craig@angstromloudspeakers.com
ANTEX ELECTRONICS #1435	<p>Antex Electronics has 20 years of experience as a leading manufacturer of professional quality digital audio sound cards, satellite receivers and digital appliances.</p> <p>Antex Electronics will showcase the multi-zone Digital Satellite Receiver for Sirius Radio. This receiver allows users full Sirius programming in three discreet zones and is controlled via 3rd party distribution systems, remote and direct entry.</p>	John A. Hay Ph. (310) 532-3092 x28 Fax (310) 217-8479 jhay@antex.com
ATLANTIC TECHNOLOGY #428	<p>Atlantic Technology specializes in high-performance multi-channel speaker systems, state-of-the-art home theater electronics components, in-wall and ceiling speakers and products for custom A/V installation.</p> <p>Atlantic Technology will show System 6200 and 4200 home theater speakers with customizable acoustics, cosmetics, and no-frills cabinet option and will debut "Systemline," an innovative scalable multi-room technology.</p>	Gordon Sell Ph. (908) 788-0700 Mobile (908) 625-7635 Fax (908) 788-0700 gordon@gspr.com
ARTCOUSTIC #528	<p>Artcoustic is a Danish manufacturer of flat, on-wall loudspeakers and subwoofers that employ proprietary technologies to produce superb, full-range sound for music and home theater.</p> <p>Artcoustic will be exhibiting flat-panel loudspeakers and subwoofers, a digital bass optimizer, flat silver speaker cable and Artcoustic sound absorbers.</p>	Kevin St. John Leja Ph. (949) 588-0075 Fax (949) 699-6882 kevin@stjohnsgroup.com
AUDIOPLEX TECHNOLOGY #522	<p>Audioplex Technology manufactures a complete line of audio/video components, including switchers, in-wall speakers, infrared repeating systems, interconnect cables and more.</p> <p>Audioplex is pleased to announce that it is now the exclusive distributor of Allison Speakers. Allison is back with updated versions of the originals that made the company a household name.</p>	David Brunt Ph. (603) 356-8478 Fax (603) 544-8901 marketingreps@audioplex.com

<p>AURALEX ACOUSTICS #28</p>	<p>Auralex Acoustics is a provider of engineered sound control systems for the audio enthusiast in residential or commercial environments who requires total sound control and aesthetics.</p> <p>Auralex will display Auralex ELITE, a custom designed, Class-A fabric retention system that incorporates natural fiber absorption as well as strategically located diffusion installed behind full-wall designer fabrics.</p>	<p>Tracy Chandler Ph. (317) 842-2600 Fax (317) 842-2760 tchandler@auralex.com</p>
<p>AUTON MOTORIZED SYSTEMS #530</p>	<p>Auton Motorized Systems, the world's first manufacturer of motorized television lifts, has been providing motorized lift systems for architects and fine furniture makers worldwide since 1955.</p> <p>Auton Motorized Systems will showcase Flip-Down Plasma, which conceals a TV in the ceiling. It takes up only 11.5 inches because it lays flat when not in use.</p>	<p>Patti Fleetwood Ph. (661) 257-0870 Fax (661) 295-9446 pr@fleetwoodcom.net</p>
<p>AVAD LLC #413</p>	<p>AVAD LLC is a value-added distributor offering complete home integration solutions, next-day delivery, technical and application support, showrooms, training facilities, plus the best brands from each product category.</p> <p>AVAD will be exhibiting various products from all kinds of different brands.</p>	<p>Veronica Esbona Ph. (954) 925-1511 Mobile (954) 529-3302 Fax (954) 925-1549 veronica@marketingmatters.net</p>
<p>BEAM INDUSTRIES #601</p>	<p>Beam Industries is the largest manufacturer of built-in central vacuum systems.</p> <p>Beam will be exhibiting the Beam Serenity Central Vacuum System. The system offers a more powerful motor, user-friendly collection receptacle and a permanent, self-cleaning CleanStream filtration system.</p>	<p>Bill Brewer Ph. (515) 244-4456 x104 Mobile (515) 554-8485 Fax (515) 244-5749 bbrewer@zlr.com</p>
<p>BELDEN ELECTRONICS DIVISION #22</p>	<p>Belden Electronics Division is a worldwide leader in the development of wire and cable products for a wide range of communications, entertainment, network and industrial applications.</p> <p>Belden will highlight cable products for the "Intelligent Home" – including Banana Peel Cat 5e Composite Cable, an award-winning automation and networking cable.</p>	<p>Frank Stone Ph. (765) 983-5354 Fax (765) 983-5294 frank.stone@belden.com</p>
<p>B & W LOUDSPEAKERS #326</p>	<p>B & W Loudspeakers has set the standard for loudspeaker design for more than 35 years. Its lineage continues by staying at the forefront of research and development.</p> <p>In addition to displaying its entire product line, B & W will unveil a significant complement of new products for two-channel and home-theater use.</p>	<p>John Nicoll Ph. (781) 762-9300 Mobile (617) 470-9906 Fax (781) 255-7777 john@nicollpr.com</p>
<p>BULOW SATELLITE INC. #1005</p>	<p>Bulow Satellite Inc. is the appointed sole agency of sales, marketing and promotions of RESCH Electronics GmbH Germany for the North American market.</p> <p>Bulow will showcase satellite HDTV signal distribution, standalone and cascable multi-switching systems in the 45-2300 MHz range, 2-5-6 inputs, usable with DirecTV and Echostar installations and accessories.</p>	<p>O. Gercke Ph. (561) 361-1151 Mobile (561) 843-2511 Fax (561) 361-1373 bulowinter@earthlink.net</p>
<p>CANTON #126</p>	<p>Canton is the largest manufacturer and best-selling brand of loudspeakers in Germany. Founded in 1973, Canton is noted for offering exceptional performance, appearance and craftsmanship.</p> <p>Canton will feature the upgraded Canton premium Ergo line with Karat Reference technology, and debut smaller Karat Reference 6; new LE and Movie Systems, subwoofers and two ceiling speakers.</p>	<p>Gordon Sell Ph. (908) 788-0700 Mobile (908) 625-7635 Fax (908) 788-0700 gordon@gspr.com</p>
<p>CABLE ELECTRONICS INC./CELABS #1312</p>	<p>Cable Electronics Inc./Celabs is an electronics manufacturing and engineering company specializing in advanced audio/video signal management for consumer and professional applications.</p> <p>Cable Electronics Inc./Celabs will exhibit a new chip level MTS stereo surround sound RF encoder, stereo and mono modulators, AV and RF distribution amplifiers, and power line audio transmitters/receivers.</p>	<p>Mike Shaw Ph. (800) 767-6189 Fax (972) 226-4108 mshaw@celabs.net</p>
<p>CALIFORNIA AUDIO TECHNOLOGY #105</p>	<p>California Audio Technology (CAT) exceeds the status quo of high-end audio by offering acoustically engineered loudspeakers for the most demanding sonic and aesthetic situations. CAT loudspeakers display the finest craftsmanship and are available in any color imaginable.</p> <p>CAT will be exhibiting a new loudspeaker that will retail at \$700 per pair.</p>	<p>Brent Rodemeyer Ph. (888) 432-7228 Mobile (916) 869-3775 Fax (916) 648-2888 broademeyer@calaudiotech.com</p>

CENTRALITE SYSTEMS INC. #23	<p>Centralite Systems is a designer, manufacturer and supplier of home control systems. Its product line provides simple, reliable and affordable solutions for centralized lighting control and home automation devices.</p> <p>Centralite Systems will showcase Europa Switches—8,6,4,2,&1 buttons and standard Decora openings for volume controls face plates and engravable buttons with a teardrop shape for easy reading and functionality.</p>	<p>Bill Hambley Ph. (877) 466-5483 Mobile (251) 377-0540 Fax (251) 607-9117 billhambley@centralite.com</p>
CINELIGHT CORP. #622	<p>Cinelight Corp. is a value-added wholesale distributor of plasma displays, LCD flat panel televisions, LCD/DLP home theater projectors and other display technology products and accessories, selling to home theater custom designers and resellers.</p> <p>Cinelight Corp. will display the following major brands: InFocus, NEC, Pioneer, Zenith, Phillips, JVC, Hitachi, Da-Lite, Cornea, Focus Enhancements and Straight Wire.</p>	<p>Kirk Punches Ph. (866) 246-3544 x146 Fax (360) 598-9146 kirk.punches@cinelightcorp.com</p>
CHANNEL VISION #916	<p>Channel Vision manufactures more than 350 products for the custom installer including security cameras, audio systems, RF distribution, audio speakers, and structured wire systems.</p> <p>Channel Vision will introduce the Aria Audio Amplifier for high performance audio systems, new speakers complement every system including outdoor, in-wall and in-ceiling speakers.</p>	<p>Michelle Herbrand Ph. (800) 840-0288 Mobile (569) 394-1974 Fax (714) 424-6500 michelleh@channelvision.com</p>
CLARK SYNTHESIS INC. #201	<p>Clark Synthesis pioneered Tactile Sound Transmission technology elevating the home theater experience to a whole other sensory level.</p> <p>Clark Synthesis brings its TST technology to the hot tub by actuating the entire surface to produce high-fidelity sound.</p>	<p>Joseph Hageman Ph. (401) 792-7080 Fax (401) 792-7040 jhageman@castercomm.com</p>
CLASSE AUDIO #326	<p>Classe Audio's no-compromise audio components are accepted worldwide as definitive standards of performance fusing excellence in analog audio reproduction with the latest refinements in digital multi-channel playback.</p> <p>Classe Audio will display its entire Omega product line, and will introduce a dramatic new series of products for two-channel and home theater use.</p>	<p>John Nicoll Ph. (781) 762-9300 Mobile (617) 470-9906 Fax (781) 255-7777 john@nicollpr.com</p>
COMMSCOPE #67	<p>Commscope manufactures coaxial, fiber optic and twisted pair cables for voice, data and video applications.</p> <p>Commscope will exhibit the UltraHome product line, which consists of coax, fiber optic, and twisted pair cables bundled in one outer jacket.</p>	<p>Crystal Thomas Ph. (828) 459-5222 Fax (828) 459-5099 cthomas@commscope.com</p>
CRESTRON ELECTRONICS INC. #222	<p>Crestron Electronics is the world's premier manufacturer of control, automation and AV distribution solutions for connected homes. Crestron Home is the single source for integration and control of audio, video, computer, lighting, HVAC and internet.</p> <p>Crestron will be introducing the latest in the Crestron Home line of residential solutions, including wired and wireless touchpanels, room and whole-house control systems, lighting, HVAC, intercom and new products that address the advent of satellite radio.</p>	<p>Jason Frenchman Ph. (800) 237-2041 Fax (201) 767-1902 jfrenchman@crestron.com</p>
CSI/SPECO #1300	<p>Speco Technologies manufactures and distributes a wide range of products for residential, commercial, and industrial markets under the brands SPECO, PRO VIDEO, CSI and CSI/Speco.</p> <p>CSI/Speco will be exhibiting the H.E.A.T Camera, Dome Cameras, DVR's, in-wall speakers, in-ceiling speakers and indoor/outdoor weatherproof speakers.</p>	<p>Maureen Tracy Ph. (631) 957-8700 Fax (631) 957-9142 mtracy@csi-speco.com</p>
DECORP AMERICAS #1714	<p>DeCorp Americas is the developer of the innovative surface-mounted Flatwire Ready family of products, and is the leader in revolutionizing the global wiring industry.</p> <p>DeCorp Americas will display Flatwire Ready wiring solutions, ultra-thin, surface mounted wires and associated connectors that provide high performance and enable optimum flexibility in decorating decisions.</p>	<p>Michelle Cox Ph. (323) 202-1035 Mobile (415) 786-2789 Fax (323) 857-9117 michelle.cox@edelman.com</p>

DENON ELECTRONICS INC. #123	<p>Denon Electronics offers a complete line of high-performance home theater and specialty audio components and complete system solutions.</p> <p>Denon will display the Denon DVD-5900. It is the ultimate all-in-one source component for a high-performance custom installation home entertainment system, thanks to its universal disc playback compatibility and state-of-the-art engineering that delivers new levels of audio and video quality.</p>	<p>Sara Trujillo Ph. (212) 388-1400 Mobile (917) 295-5491 Fax (212) 388-1490 strujillo@dba-pr.com</p>
DESTINY NETWORKS INC. #618	<p>Destiny Networks Inc. offers the only IP-based home control system with hands free automation and configurable software that eliminates custom programming.</p> <p>Destiny Networks will showcase Follow Me Music, which integrates music into the company's cutting-edge handsfree automation technology, adding unique and significant value to distributed audio and video.</p>	<p>Mark Stiving Mobile (408) 307-6800 Fax (408) 782-6743 mark@destinynetworks.com</p>
DIRECTED ELECTRONICS INC. #19	<p>Directed Electronics Inc. is America's largest vehicle security and remote start company as well as a major audio and video supplier with established brands including a/d/s, Orion and Precision Power.</p> <p>A/d/s proudly announces the completion of its award-winning home theater series with the recent addition of the HT10ps/HT12ps powered subwoofers and HT60ic/HT80ic high performance in-ceiling loudspeakers.</p>	<p>Kennedy Gammage Ph. (760) 599-1325 Mobile (619) 379-4522 Fax (760) 598-6400 kennedy@directed.com</p>
DOLBY LABORATORIES INC. #328	<p>Dolby Laboratories is the developer of signal processing systems used worldwide in applications that include motion picture sound, consumer entertainment products & media, broadcasting, and music industry.</p> <p>Dolby Laboratories will exhibit the Dolby Headphone, Dolby Virtual Speaker, DVD-Audio with MLP Lossless, and Dolby technology in electronic gaming.</p>	<p>Jim Arnold Ph. (415) 645-5116 Fax (415) 645-4000 jja@dolby.com</p>
DRAPER INC. #312	<p>Draper offers projection screens, mounts and lifts for video projectors and plasma displays, and motorized and recessed window treatments for any home theater configuration.</p> <p>Draper will exhibit IntelliFlex Shade controls which integrate with other control applications and allow shade control via IR, RF, PC, or PDA. Other new products being exhibited include universal brackets for projectors and plasma displays.</p>	<p>Terry Coffey Ph. (765) 987-7202 x346 Fax (765) 987-7142 tcoffey@draperinc.com</p>
DTS #61	<p>DTS is a digital technology company dedicated to delivering the ultimate entertainment experience. DTS decoders are in every major brand of 5.1-channel surround processors.</p> <p>DTS will be demonstrating an array of audio technologies, including Neo:6, DTS-ES, and DTS 96/24.</p>	<p>Kristin Thomson Ph. (818) 706-3525 Mobile (310) 210-2129 Fax (818) 706-1868 kthomson@dtsonline.com</p>
ELAN HOME SYSTEMS #228	<p>Elan Home Systems is the leading manufacturer of innovative, award-winning audio/video and home automation systems and the first to integrate the home's audio, video, and telephones.</p> <p>New this year is Elan's digital amplifier, dual radio tuner, video QUAD switcher and a completely new distributed audio system. Also, see updated VIA! Software and the next generation VIA! product line.</p>	<p>Cat Fowler Ph. (859) 269-7760 x161 Fax (859) 269-7972 cfowler@ elanhomesystems.com</p>
ESCIENT #114	<p>Escient is the pioneering leader in the creation of a groundbreaking category of A/V products that provide intuitive ways to access and manage music, movies and related content.</p> <p>Escient will display the Fireball DVDM-100, the ultimate DVD/CD management product and the ideal companion and complement to the award-winning Escient Fireball physical and digital music management systems.</p>	<p>Steven Style Ph. (212) 465-1290 Mobile (917) 804-9049 Fax (212) 465-1290 stevens@stylegroup.com</p>
ETHEREAL HOME THEATER #1222	<p>Ethereal provides high quality interconnects to ensure top performance and smooth installation for home theater systems. Ethereal interconnects provide superior bandwidth and excellent noise rejection.</p> <p>Ethereal will showcase a complete line of HDTV, video, and audio cables.</p>	<p>Bill Fornino Ph. (866) 839-9187 Fax (386) 252-9399 billf@ etherealhometheater.com</p>

EXTRON ELECTRONICS #214	Extron Electronics is a leading manufacturer of high-performance A/V system integration products, including video scalars, Ethernet control interfaces, twisted pair A/V transceivers, switchers, distribution amplifiers and high resolution cables. Extron products are used in cutting-edge home theater systems throughout the world for performance, reliability and innovative features.	Aleta Walther Ph. (714) 517-6054 Mobile (949) 285-5490 Fax (714) 491-1978 awalther@extron.com
FAROUDJA LABORATORIES #102	Faroudja is the leading manufacturer of high performance video processors and scalars. The products optimize digital and analog-based displays by improving HDTV standard definition signals. Faroudja will introduce and demonstrate several high-end video packages that include display devise, video processor and DVD source.	Stan Pinkwas Ph. (718) 788-7777 Mobile (917) 754-0691 Fax (718) 788-0064 stanzp@jbstanton.com
FH VIDEO INC. #12	FH Video Inc./FU HOU Corp is an exclusive worldwide distributor of Sony CRT projectors and a worldwide wholesaler of professional broadcast AV PAL equipment. FH Video will display the Sony CRT Projector VPH-G90U, VPH-D5OHTU.	Henry Chan Ph. (415) 221-6128 Mobile (415) 531-0138 Fax (415) 221-8819 henryfu@aol.com
FIRST IMPRESSIONS THEME THEATERS #414	Since 1975, First Impressions Theme Theaters has been the creator of only one-of-a-kind, award-winning, highly personalized private cinemas and media rooms globally. First Impressions will exhibit the following: U.S. patented CineLounger Collection, AcouSculpt and Acoupak Acoustical Management System, Starlite Fiber Optic Ceiling Systems, CineBars, theatrical drapery, projector enclosures, Proscenium stages, and architectural millwork.	Jeffrey W. Smith Ph. (800) 305-7545 Fax (305) 891-4746 sales@cineloungers.com
FLUKE NETWORKS #68	Fluke Networks is a leading provider of innovative network SuperVision Solutions for ensuring data communications and Internet options. Fluke Networks' line of Network SuperVision Solutions includes the DSP4000 and OmnisScanner series of copper-plus-fiber cable certification tools and verification tools for residential and commercial VDV installations.	Lorie Witmer Ph. (425) 446-5659 Fax (425) 446-4843 lorie.witmer@flukenetworks.com
FUJITSU GENERAL AMERICA #406	Fujitsu General America is the worldwide leader in the development of plasma display monitors and has been a front-runner in the commercialization of plasma display technology. Fujitsu will exhibit its Plasmavision SlimScreen monitors, which incorporate Fujitsu's proprietary AVM (Advanced Video Movement) technology.	Karen Mahon Ph. (212) 388-1400 Mobile (201) 401-6368 Fax (212) 388-1490 kmahon@dba-pr.com
FUTURESMART SYSTEMS INC. #1408	FutureSmart Systems Inc. provides simple, affordable, upgradeable solutions for high-speed Internet access, whole-house entertainment, security and home office connectivity for homes, condominiums and apartments. FutureSmart Systems Inc. will display the Intel-designed media center, voice activated home automation software, 6" Instal Can, web safe router and other products to be determined.	Brad Mower Ph. (801) 617-3173 Mobile (801) 557-9478 Fax (801) 617-3194 bmower@futuresmart.com
GE INTERLOGIX #401	GE Interlogix spans the globe as a technology leader in the rapidly growing electronic security industry. The business focuses on communications technologies and information for security, safety, life style enhancement and the emerging web-enabled premises management market for residential, commercial and enterprise applications.	Duane Paulson Ph. (651) 777-2690
GOLD LINE #407	Gold Line is an American manufacturer of audio test equipment and digital equalizers. Products include Real Time Analyzers, Calibration DVD, Parametric EQ and TEF Analyzers. Gold Line will exhibit the Platinum ProKit, which provides the current state-of-the-art for home theater audio calibration. When used with the new 24 Bit EQ2 the Parametric EQ can be used for up to 10 channels of surround audio.	Gregory Miller Ph. (203) 938-2588 Mobile (203) 733-2887 Fax (203) 938-8740 gmiller@gold-line.com
GREYFOX SYSTEMS #1738	Greyfox Systems is a leading structured wiring manufacturer. Its product line features unique modular designs that enable builders and homeowners to customize a networking system based on their unique needs. Greyfox will release a new camera solution utilizing a CAT5 wiring infrastructure.	Carleen Tabone Ph. (412) 920-6100 x118 Mobile (724) 554-7273 Fax (412) 920-6101 ctabone@greyfox.com

<p>GUITAMMER COMPANY INC. #606</p>	<p>The Guitammer Company, a leader in low frequency sound, is the producer of the Butt kicker and the new Butt kicker Power Amplifier.</p>	<p>Ken McCaw Ph. (614) 898-9370 Mobile (614) 570-9870 Fax (614) 865-3584 ken@guitammer.com</p>
<p>HARMAN KARDON #117</p>	<p>Harman Kardon offers a complete line of high-performance home theater and audio components incorporating proven Harman Kardon engineering, design expertise and leading edge technology.</p> <p>Harman Kardon continues to expand its position as a complete home entertainment system solutions provider by showcasing its new line of high-performance components and systems for home theater and music listening.</p>	<p>Karen Mahon Ph. (212) 388-1400 Mobile (201) 401-6368 Fax (212) 388-1490 kmahon@dba-pr.com</p>
<p>H-P PRODUCTS INC. #209</p>	<p>H-P Products Inc. is the manufacturer of VACUFLO, DirtDevil and DirtDevil Platinum Force lines of central vacuum systems and offers many versatile accessories kits and attachments for every cleaning application.</p> <p>H-P Products will be showcasing the Dirt Devil and Dirt Devil Platinum Force central vacuum systems and accessories.</p>	<p>Sarah Mullaney Ph. (401) 792-7080 Fax (401) 792-7040 smullaney@castercomm.com</p>
<p>HSU RESEARCH #1024</p>	<p>HSU Research has honest engineering, exceptional sound quality, friendly customer service, low prices, and real craftsmanship. Since 1991, HSU has made "True Subwoofers."</p> <p>HSU will display the new Ventriloquist 5.1, a small satellite surround system without the holes in the frequency response. Also, HSU will display the STF series of single-tuning subwoofers.</p>	<p>Sasha Goodman Ph. (714) 666-9260 Fax (714) 666-9267 sales@hsuresearch.com</p>
<p>INFINITY SYSTEMS #119</p>	<p>Infinity Systems offers elegantly designed, high-performance loudspeakers for home theater and stereo systems that are engineered for the ultimate in sonic performance.</p> <p>Infinity Systems will display its lineup of advanced technology, high-performance loudspeaker systems and Total Speaker Solutions.</p>	<p>Karen Mahon Ph. (212) 388-1400 Mobile (201) 401-6368 Fax (212) 388-1490 kmahon@dba-pr.com</p>
<p>INFOCUS #1628</p>	<p>InFocus is the worldwide leader in digital projection technology for the home and office.</p> <p>InFocus will display the Screenplay 4800—an affordable home projector; Screenplay 5700 – a premium blend of technical sophistication and price delivering native resolution for perfect images.</p>	<p>Roger van Ousten Ph. (206) 268-2213 Mobile (206) 454-0454 roger.vanousten@edelman.com</p>
<p>INTEGRA #320</p>	<p>Integra designs and manufactures premium home theater receivers, processors, amplifiers, DVD players, and networked audio solutions specifically designed to meet the needs of custom installers.</p> <p>Integra will introduce a new AV preamp/processor, 7-channel amplifier, two Net-Tune receivers, two A-Bus receivers, and two DVD players, plus a possible sneak peak from Integra Research.</p>	<p>Gordon Sell Ph. (908) 788-0700 Mobile (908) 625-7635 Fax (908) 788-0700 gordon@gspr.com</p>
<p>INTELLINET CONTROLS #403</p>	<p>IntelliNet Controls is an innovative designer and manufacturer of unique whole-house audio distribution systems for residential applications and offers visionary solutions for systems integration.</p> <p>IntelliNet Controls will display the RS3000 system, a sum of several key components offering multi-zone stereo for six independent sources throughout six zones and expandable up to 30 zones.</p>	<p>Peter Hoagland Ph. (540) 349-2329 Mobile (703) 989-3680 Fax (540) 349-9649 peterh@intellinetcontrols.com</p>
<p>ISOTEC INC. #25</p>	<p>Isotec Inc. is the manufacturer of the Sheer Sound wire and cable product line for audio, video, home automation, structured wiring and lighting.</p> <p>Isotec Inc. will display its RG-BHV mini-coax cable, which is flexible and easy to pull. It can be used for a multitude of applications including HDTV, plasma and BGB projectors.</p>	<p>Valerie Levinsohn Ph.
