CONTROLWORKS CONSULTING, LLC #1764	<p>ControlWorks is a Crestron Authorized Independent Programmer who supports Commercial and Residential Dealers both nationally and internationally via its offices in Cleveland and Boston.</p> <p>ControlWorks will be showing over 10 different solutions for bridging Crestron and third party devices as well as internet resources.</p>	<p>Jim Felderman Ph. 888-838-4640 Fax 440-729-0884 Mobile 440-829-8888 jim@controlworks.com</p>
CRESTRON ELECTRONICS INC. #235	<p>Crestron Electronics is the world's premier manufacturer of control, automation and AV distribution solutions for connected homes. Only Crestron offers Total Home Technology, the only single source for integration and control of audio, video, computer, lighting, HVAC and internet.</p> <p>Crestron will feature the amazing new Isys i/O Series of touch panel media centers as part of its comprehensive Total Home Technology package.</p>	<p>Jason Frenchman Ph. 201-767-3400 Fax 201-767-1902 j frenchman@crestron.com</p>
CRYSTAL VIEW, INC. #650	<p>Crystal View supplies extraordinary video projection and flat-panel video displays for home theater and open-room installations, including CRT, DIP and Plasma technology products.</p> <p>Crystal View will introduce the CV-1, 9" CRT projector. The HD-720+ 1-chip DIP projector, The CV-50HD Plasma Display in the Sound-Art loudspeaker frame, with matching center-channel and surrounds.</p>	<p>Joel Cohen Ph. 603-899-6664 Fax 603-899-6664 Mobile 603-562-5437 joelco@earthlink.net</p>
DECOR AMERICAS, INC. #500	<p>Decor, developer of the innovative surface-mounted Flatware Ready family of products, is the leader in revolutionizing the global wiring industry. For more information, visit www.decor.com.</p> <p>DeCorp's patented FlatWire Ready™ wiring solutions are ultra-thin, surface-mounted wires and associated connectors that provide high performance and enable optimum flexibility in decorating decisions.</p>	<p>Jennifer Liu Ph. 323-202-1062 Fax 323-857-9117 Mobile 818-359-3461 jennifer.liu@edelman.com</p>
DENON ELECTRONICS, LLC #351	<p>Denon is recognized internationally for innovative and groundbreaking products and has a long history of technical innovations, including the development and first commercialization of PCM digital audio.</p> <p>Denon is introducing new A/V receivers and DVD players, including the world's first 10-channel audio/video receiver.</p>	<p>Sara Trujillo Ph. 212-388-1400 Mobile 917-295-5491 Fax 212-388-1490 strujillo@dba-pr.com</p>
DESTINY NETWORKS #19	<p>Destiny Networks is a manufacturer of hardware and software products for residential system control and hands free automation. Destiny's configurable software application allows integrators to rapidly configure control for a home theater without any programming.</p> <p>Destiny Networks will be showing an entry-level controller at CEDIA that will allow the benefits of simple, reliable theater control to reach the entire CEDIA channel with a wide choice of user interfaces.</p>	<p>Brent Bilger Ph. 650-823-4405 Fax 650-949-0600 Mobile 650-823-4405 brent@destinynetworks.com</p>

DIGITAL PROJECTION INTERNATIONAL #1828	<p>Digital Projection International manufactures an extensive line of ultra high-performance home cinema projection systems based on single and 3-chip DLP technology by Texas Instruments.</p> <p>Digital Projection International will be exhibiting its single-chip DLP iVision series, 3-chip DLP MERCURY series, 2K Reference Displays and its Home MediaWall.</p>	<p>Peter Cullinan Ph. 770-420-1350 Fax 770-420-1360 Mobile 404-394-3110 pcullinan@digitalprojection.co</p>
D-TOOLS, INC. #429	<p>D-Tools is a worldwide leader in easy-to-use, highly accurate system design software. D-Tools offers a wide range of products to simplify design, engineering, documentation and estimating processes.</p> <p>D-Tools System Integrator (SI) 4 software provides a fast, intuitive toolset for designing, engineering, documenting and estimating projects. SI 4 also offers job costing and accounting modules.</p>	<p>Ingo Schmoltdt Ph. 925-681-2326 x402 Fax 925-681-2326 Mobile 415-730-5352 ingo@d-tools.com</p>
DTS #120	<p>DTS is a pioneer in multi-channel audio. DTS decoders are in every major brand of 5.1-channel surround processors, and there are 280 million DTS-licensed consumer electronics products worldwide.</p> <p>DTS will present a full range of surround sound technologies for consumer electronics, including Neo:6, DTS-ES, and DTS 96/24 will be displayed.</p>	<p>Kristin Thomson Ph. 818-706-3525 Fax 818-706-1868 Mobile 310-210-2129 kthomson@dtsonline.com</p>
DVI GEAR #10	<p>DVI Gear is an HDTV accessory cable and adapter manufacturer specializing in HDMI and DVI wall-plates, extension cables, adapters and signal converters.</p> <p>DVI Gear will introduce the world's only dedicated DVI signal test generator, long-length HDMI cables and DVI wall-plates.</p>	<p>Brittany Dunstan Ph. 919-969-6681 Fax 919-969-7561 Mobile 919-608-0846 chris@dvigear.com</p>
DWIN ELECTRONICS, INC. # SR-4	<p>DWIN Electronics, Inc., founded in 1985, specializes in the design and manufacturing of high performance consumer and professional video projectors, digital video processors and displays.</p> <p>DWIN has developed a new DVI cable extender capable of delivering uncompressed high definition video signals up to 100'. DWIN will demonstrate this new technology with its acclaimed DLP projector, plasma displays and new DuoVusion dual-output processor.</p>	<p>David Brooks Ph. 818-239-1500 Fax 818-239-1506 Mobile 818-398-6828 david@dwin.com</p>
EARTHQUAKE SOUND CORPORATION #SR-15 & 1590	<p>Earthquake Sound is a manufacturer of high-end home and mobile audio products. We have been in operation for 20 years.</p> <p>Earthquake's latest addition is the Titan series tower, which contains two 12" drivers, one 8" driver, one 6" mid-range and a 1.5" silk dome tweeter. These drivers are housed in a five-foot tall cherry wood and black lacquer cabinet.</p> <p>Also new is the SN-51, a 5.1 in a Box system which allows you to plug and play into any existing TV, DVD or receiver in a matter of minutes. The SN-51 is also powered by a 500-watt internal amp that delivers 300 watts to the ported 10" subwoofer and 200 watts to the five surround speakers.</p>	<p>Jean-Paul Lefebvre Ph. 510-732-1000 Fax 510-732-1095 Mobile 408-207-3035 pr@earthquakesound.com</p>
ENERGY SPEAKER SYSTEMS #406	<p>Energy Speaker Systems is a division of Audio Products International, North America's third-largest speakers manufacturer. A comprehensive product line of speakers is offered.</p> <p>Energy Speaker Systems is proud to introduce the act6 system, the Take speaker solutions, new outdoor speakers and a newly developed subwoofer line.</p>	<p>Scott Goodman Ph. 416-321-1800 Fax 416-321-1500 Mobile 416-321-1800 scottg@apic.ca</p>
EXTRON ELECTRONICS #363	<p>Extron Electronics is a leading manufacturer of professional A/V system integration products (computer-video interfaces, video & audio switchers, matrix switchers, distribution amplifiers, video scalars, scan converters, signal processing devices, Ethernet control interfaces, test equipment, high resolution cable products).</p>	<p>Elisabeth Do Lam Ph. 714-491-1500 x6335 Fax 714-687-1998 edolam@extron.com</p>
FUJITSU GENERAL AMERICA #360	<p>Fujitsu General America is a subsidiary of Fujitsu General Limited, headquartered in Kawasaki, Japan. Founded in 1936, Fujitsu General is the worldwide leader in the development of plasma display monitors and has been the front runner in the commercialization of plasma display technology. For additional information, please visit www.plasmavision.com.</p> <p>Fujitsu will be showcasing new Plasmavision monitors and additional innovative technologies at CEDIA EXPO 2004.</p>	<p>Karen Mahon Ph. 212-388-1400x21 Fax 212-388-1490 Mobile 201-401-6368 kmahon@dba-pr.com</p>

FURMAN SOUND, INC. #1065	<p>Furman has been designing, developing, and manufacturing professional electronic products since 1974, and is the world leader in the power purification market.</p> <p>Furman Sound is proud to introduce its first full line of AC power conditioning products for the C.E. / Home Theater market. Among the many unique features these power conditioners possess is Furman's exclusive maintenance-free transient voltage surge suppression with Linear Filtering Technology (LiFT).</p>	<p>Garth Powell Ph. 707-763-1010 Fax 707-763-1310 garthp@furmansound.com</p>
FLUKE NETWORKS #56	<p>Fluke Networks' solutions range from cable testing products to broadband data services equipment and Ethernet and IP monitoring and analysis software and hardware.</p> <p>Fluke Networks' solutions address all connected home applications with testers that perform all necessary continuity and mapping and performance tests of the cable infrastructure.</p>	<p>Dan Wright Ph. 425-446-5633 Fax 425-446-4843 Dan.wright@flukenetworks.com</p>
GRACENOTE #1783	<p>Gracenote's information services for digital entertainment provide an easy-to-use and enhanced listening experience in all kinds of CE devices.</p> <p>The Gracenote Music Management System is a complete suite of digital information services intended to make digital music easier to use and enjoy. Gracenote will present Gracenote VideoID, the leading DVD recognition service for creating DVD libraries. Several leading Gracenote-enabled home entertainment devices also will be shown.</p>	<p>Kathryn Shantz Ph. 510-547-9680 Ext 302 Fax 510-547-9681 Mobile 415-350-3518 kshantz@gracenote.com</p>
GREYFOX HOME SYSTEMS #1015	<p>Greyfox Systems is a leading structured wiring manufacturer. Our extensive product line features unique modular designs ranging from voice, data, intercom, security and audio/video distribution.</p> <p>Greyfox presents Cat5 Camera Solution, Cat5 Intercom System, Cat5 Distributed Audio System and Structured Wiring Enclosures.</p>	<p>Carleen Tabone Ph. 412-920-6100 Fax 412-920-6101 Mobile 724-554-7989 ctabone@greyfox.com</p>
GUIFX #316	<p>GuiFX provides ready-to-use customizable touch panel templates for Crestron and AMX touch panel control systems. They improve the experience from programmer to end-user.</p> <p>GuiFX presents Crestron and AMX Templates, GuiBrowser PRO, VIP Service</p>	<p>Morgan Strauss Ph. 561-478-3100 Fax 561-683-3070 Mobile 561-718-6025 morgan@GuiFX.com</p>
HALCRO #89	<p>HALCRO produces the worlds finest super-high-end amplification systems and now introduces home theater at the highest level.</p> <p>HALCRO Logic surround sound processors (SSP100 and SSP80) include HDMI & DVI essential for the highest-quality home theater experience, along with a range of multi-channel power amplifiers (7, 5, 3 and 2 channel) and a universal disc player.</p>	<p>David Pope Ph. +61 8 8238 0807 Fax +61 8 8238 0852 admin@halcro.com.au</p>
HARMAN KARDON #343	<p>Harman Kardon delivers the highest-quality home entertainment experience with products that combine state-of-the-art digital technologies, elegant design and ease of use.</p> <p>Harman Kardon is expanding its complete lineup of home entertainment products and system solutions with new product introductions at CEDIA 2004.</p>	<p>Frank Doris Ph. 631-612-2400 ext. 2 Fax 631-612-2400 Mobile 631-645-5668 frank.doris@fm-group.net</p>
H-P PRODUCTS INC. #524	<p>H-P Products, manufacturer of VACUFLO® and Dirt Devil® central vacuum systems, offers over 45 years of expertise in manufacturing built-in central vacuum systems.</p> <p>H-P Products will be showcasing the Dirt Devil and Dirt Devil Platinum Force central vacuum systems and accessories</p>	<p>Sarah Mullaney Ph. 401-792-7080 Fax 401-792-7040 smullaney@castercomm.com</p>
ICOMMAND #421	<p>iCommand offers an internet protocol control system that simplifies installing, configuring and programming a unified control system for home theater and distributed audio.</p> <p>iCommand System: i-Node, IR-Node, iTablet, Keypad and AudioMatrix.</p>	<p>Lucette Nicoll Ph. 781-762-9300 Fax 781-255-7777 Mobile 781-789-6000 lucette@nicollpr.com</p>
INFINITY #342	<p>Infinity Systems manufactures a complete line of high-performance loudspeakers and systems for two-channel, whole-house and multichannel audio and home theater applications.</p> <p>Infinity is introducing its CS Series high-value in-wall/in-ceiling speakers and its Total Solutions flagship TSS-4000 loudspeaker system, designed specifically for flat-panel displays.</p>	<p>Frank Doris Ph. 631-612-2400 ext. 2 Fax 631-612-2400 Mobile 631-645-5668 frank.doris@fm-group.net</p>

INTELLANET HOME AUTOMATION #2054	<p>Intellanet Home Automation develops intelligent, self-learning, IP-based home control and management systems that provide homeowners with increased comfort, safety, convenience, cost savings, and home value.</p> <p>The Intellanet home control system controls HVAC, Security, Audio/Video, Lighting, and more; from anywhere in the world through any web enabled computer, PDA, or Touch screen.</p>	<p>Tom Bednarz Ph. 763-274-2033 Fax 763-274-2088 Mobile 612-207-7045 tomb@intellanet.com</p>
INTEGRA #1390	<p>Integra designs and manufactures premium Home Theater receivers, processors, amplifiers, and DVD players that are specifically designed to meet the needs of custom audio/video systems installers.</p> <p>Integra will introduce new 5.1 and 7.1 channel A/V receivers, as well as a new multi-format DVD player. SNELL ACOUSTICS #650	<p>Snell Acoustics has a 25-year history of handcrafting loudspeakers featuring leading edge designs from one of the last woodworking facilities used for loudspeaker design in the United States. Only premium grain-matched veneers are chosen, and then each cabinet is painstakingly hand crafted, meticulously sanded and finished for a timeless fine furniture look. Snell's loudspeakers come in a variety of forms, from ultra-stylish design statements to invisible in-cabinet and in-wall solutions.</p> <p>Snell Acoustics will feature three new products with THX Ultra 2 certifications, the XA60THX, XA55THX and the AMC2000THX. A new in-wall speaker, the AMC725, features their "Directed Tweeter" design, plus they introduce the SPA200, an amplifier for their passive in-wall subwoofers.</p>	<p>Kim Wilson Ph. 818-843-5555 Fax 818-843-5554 Mobile 818-599-6208 kimwilson@jbstanton.com</p>
